Mr. Tony Tricomi  
PFI Displays  
40 Industrial Street  
Rittman, OH 44270

Dear Tony –

I wanted to pass along special recognition and thanks to you and your team regarding the trade show booth you recently prepared for us at Laird Plastics.

The appearance and functionality of the booth were outstanding and by using our various materials in the construction you provided us with the ability to turn our sales area into a living demonstration of our business. This was **very effective in separating Laird Plastics from our competitors at the show.**

I also understand **your outstanding work was performed against a stringent time line, a distinct compliment to how you run your business.**

Please accept my personal appreciation and thanks. I look forward to a continuing and prosperous relationship between our companies

Yours truly,
