

Mr. Anthony Tricomi  
 PFI Displays, Inc.  
 40 Industrial Street  
 Rittman, OH 44270

Dear Tony,

Thanks to you and your staff at PFI Displays for an excellent job working with us from concept to completion on a new World of Concrete exhibit for our client Tremco Barrier Solutions.

Your knowledge of current trade show exhibit trends, and your interest in understanding and listening to our objectives, helped us offer our client an effective solution. Your versatility was appreciated when it came to meeting the client's deadlines and understanding the client relationship.

The exhibit represented the quality of the Tremco Barrier Solutions image and product line, and the design was open and inviting to allow better traffic flow.

Thank you again. We look forward to working with you in the future!

Best regards,
