To Whom It May Concern,

Seaman Corporation has partnered with PFI Displays for over 23 years, and I personally have worked with the PFI team for over five years. PFI truly goes above and beyond for all the services they provide, from trade shows to point of purchase displays to permanent displays within Seaman Corporation.

We recently purchased a new large trade show exhibit with PFI, which is our third large booth purchased from PFI. Their process was meticulously outlined to ensure our company goals were met, and all the decision makers in the process were included, and their individual needs were met. The old adage "you get what you pay for" holds true. With any trade show or event, there are bound to be issues. If you work with PFI, you'll never know there was an issue; PFI will take care of it.

No detail is overlooked with PFI. If I send something over to Jim, Pam, Eric and the team, I know it will get done. Their service is unparalleled; they set the standard for customer service. Additionally, PFI is a family owned business and values its associates and customers as if they were part of the Tricomi family. They truly have my best interests in mind, and are an important piece of our marketing strategy at Seaman Corporation.

I'm happy to recommend the services of PFI Displays. If you have any questions, please feel free to contact me.
